

LABRANDA EXCELSIOR SIDE

Situated on the southern coast of the Turkish Riviera, the majestic Labranda Excelsior Side provides guests with the ability to enjoy the sun while savoring some of the pleasures of winter. Snow-capped mountains, pine trees, those are the things that make winter sweet. Could they be possibly enjoyed during the warmer months of the year? From the Excelsior, you can enjoy this sweet & sour scenario, while relaxing on the warm sand, and taking a dip in the refreshing Mediterranean Sea.

The focal point of the Labranda Excelsior is the uniquely designed fresh water swimming pool. Where guests can cool off, as well as enjoy various beverages and snacks from our poolside bar. The pool is also the centerpiece of the hotel, as all the public facilities, including spacious lounges, bars, restaurants and spa, overlook this central area.

Side is a historical gem in the Mediterranean. This is a place not just for those seeking complete relaxation, but for the genuine curious traveller who is also thirsty for the knowledge. Side was occupied by none other than Alexander the Great in 333 B.C. The legendary left behind a garrison which introduced Side to Hellenistic culture for hundreds of years, until the Romans imposed their rule and culture on the coastal town. Side has thus some of the most important Roman and Greek ruins in Asia minor. Places where you can contemplate the past, and appreciate human progress. Only 65 km from Antalya Airport and 5km from historic fishing village- Side. The hotel provides perfect base for excursions to the many historical and natural beauty sites.
